Refer to website for most up to
date instructions and videos.

WWW.SEAVIEWGLOBAL.COM

PARTS INCLUDED

x1
(LTBUP)
Plastic

x1
(LTBUSS)
Stainless
Steel

x2
(LTBRVT)

TOOLS NEEDED

Sudbury Elastomeric Marine Sealant is recommended. To purchase call 800-655-7922 or visit www.seaviewglobal.com

-
- 1** Route the cables through the LTBU or LTBUSS, and then thread it on.

2 Apply marine adhesive sealant to the LTBU or LTBUSS as shown. Be sure to apply around the push pin hole as well.

Insert the LTBU or LTBUSS into the light bar end.

3 Secure the LTBU or LTBUSS with the two black push pins.

4 When securing make sure that LTBU or LTBUSS is facing forward. To check this line up the notch on the LTBU or LTBUSS with the hole on the back of the light bar as shown.

The background of the entire page is a light gray topographic map with white contour lines. The lines are irregular and wavy, representing terrain elevation. The map covers the entire area, with the text elements overlaid on it.
